

40-litre Hydraulic Press stainless steel

NEW

40-LITRE HYDRAULIC PRESS STAINLESS STEEL

40-LITRE HYDRAULIC PRESS STAINLESS S

FOR EXTRA VIRGIN APPLE JUICE

You have never pressed such good juice so quickly and easily before: Simply grind fruit, grapes or berries and fill up the hydraulic press, turn the tap on and watch as the pressure of the incoming tap water compresses the ground material from the inside to the outside against the mesh basket.

The hydraulic press can also be used for pressing honeycomb, tomatoes, macerated tobacco or citrus fruit.

HIGH JUICE YIELD - LESS WASTE

The rapid pressing and the short flow distance preserve the vitamins; the juice has a wonderfully fresh aroma. Due to the high pressure applied, you achieve an exceptionally high juice yield, even if the press basket is only partially filled.

WITHOUT ELECTRICITY, WITHOUT MUSCLE POWER

An energy-saving, ingeniously simple drive mechanism: Connect up a garden hose to the normal domestic water supply and turn the tap on. The tap water expands the rubber diaphragm inside the press and presses the ground fruit against the mesh basket. The pressure and pressing time can be regulated by turning on the tap more or less.

ADVANTAGES

- › Slotted plate instead of perforated plate for better yield
- › Made in Germany
- › Certified food safe

INCLUDED IN DELIVERY

- › Press
- › Press bag
- › Splash guard
- › GEKA adapter to male thread $\frac{3}{4}$ "

TECHNICAL DETAILS

- › Supply line / connection: GEKA quick coupling G $\frac{3}{4}$ "
- › Drain ball valve: male thread G $\frac{3}{4}$ " with hose cover
- › Max. Water pressure: 3 bar

DIMENSIONS

- › Height: 92 cm

> Diameter: 52 cm
> Height of outlet: 31 cm

product price

934,15 EURO

incl. 19 % VAT / **excl. shipping costs**
